Pumila a miniature. Expect whites and purples with large and small growth habits.

We are inviting those interested to join us in the above experiments. Several hundred people are now taking part and we are going to compile and publish the results as they become available. The purpose is to further the knowledge of the laws of inheritance in Orchids. We have replanted these crosses several times, using seed from the original pods which we have stored in our seed bank. The seedlings are shipped bare-root ready for individual pots.

AN ANNOUNCEMENT TO THOSE WHO ARE NOW PARTICIPANTS

Plants from the first two Genetic Experiments, namely No. 1 LH94 and No. 2 LH75, should be starting to bloom this fall. Please do not fail to report as your plants flower. If you take a colored picture we would like very much to see it and we promise to return it promptly. We ask that you please supply us with the following information:

1. Number of flowers to the spike.
2. Color of the petals and sepals and lip color.
3. Width of dorsal sepal and width of petal.
4. Width of the flower measured from the tip of one petal to the tip of the other.
5. Number of bulbs at time of first blooming.
6. Over-all length of bulb and leaf on blooming growth.
7. Do the leaves and bulbs show any pigment or are they clear green.

This is the information that we should have to compile our results.

Special Values

We have many fine hybrid crosses with only a small quantity of plants available, too few to put on a listing. Hence we are offering the following assortments at prices substantially below their worth. These will be of our selection, carefully chosen to give you good variety and will all be labeled as to name or cross. They will be sent to you out of pot postpaid.

Fine Hybrids, Adult Blooming Size Plants

1 plant $7.50 **Two $13.50** **Three $18.00** **Four $22.00** **Five $25.00**

May be Cattleyas, Cymbidiums, Miltonias, Odontoglossums or Cypripediums, all of one genera or any combination of the above genera that you desire.

Fine Hybrid Seedlings

Many of these are seedlings from fine crosses where there was only a small amount of seed and therefore not enough plantlets to include in our general listing, also some seedlings may be included that are on the listing. All are labeled as to the cross.

Six 2″ size seedlings of the genera listed above with the exception of Cypripediums offered at $10.00
Three 3″ size seedlings of the genera listed above with the exception of Cypripediums offered at $10.00

Write for the following additional listings which will be compiled during coming months. These will be sent as issued.

Due to the enthusiastic acceptance in our last listing of our first

"Cream of the Crop" Seedlings

This has proven to be a very popular category for those who demand only the most vigorous seedlings from top crosses.

LH164 BLC Sunflame, fine Var. x LC Bonanza 'Mildred Wagner' AM AOS **7.50**
Expect fine bronze, deep purple type flowers. Sunflame is orange bloom x fine mauve.

LA205 C Estelle alba 'Cynosure' x Bob Betts 'Leo Holquin' FCC ODC **7.50**
Namad Esbetts. Made with another var. of Bob Betts, has produced many fine whites. Now crossed with this clone of Bob Betts, the finest white we have seen to date. Probably a spring bloomer.

These are community pot seedlings ready for individual pots, but only a few of the seedlings from any cross will qualify, since only the huskiest, most vigorous and largest seedlings fall in this classification, "Cream of the Crop." Therefore the supply is extremely limited. Only the top 10% sent.

This offering represents but a small portion of our stock and should you be interested in other types such as Botanicals or various other genera drop us a line and we will be glad to quote you prices on what we have available.

We handle all types of Orchid Supplies, including Weyerhaeuser Silvabark, as well as Osmunda fibre, but recommend bark as the most satisfactory potting medium for the average grower.

All items are offered subject to prior sale. Plants will be shipped out of pots via Parcel Post. We pay the postage in the U.S.A. and Canada. If you desire the plants shipped in pots or by a different method, they will be sent F.O.B. Seattle Heights, Washington. Foreign shipments F.O.B. Seattle Heights.

Satisfaction is guaranteed, as is safe arrival. During the winter weather we may be forced to temporarily hold up shipments. We invite you to visit our greenhouses at any time by appointment. Regular hours are from 10 a.m. to 5 p.m. six days a week and we are closed on Sundays and holidays except by appointment.

Cultural instructions will be sent upon request and, in addition, we have available the new Fourth revised edition of "Your First Orchids and How to Grow Them," published by the Oregon Orchid Society, at $2.00 per copy.

The following quantity discounts will apply only to items in this listing with the exception of Special Values and Experiments in Genetics:
